

August 4, 2016

The continued meeting of the Cuyuna City Council July 7 meeting was held at 6:15 pm in the Cuyuna City Hall. Present were Mayor Brix and council members Z. Brix and Eisen. Councilmembers Stockard and Zontelli were absent.

Council discussed the Powderhouse Road approach on CSAH31 and its present unsafe condition.

Clerk reviewed the history of the development on Powderhouse Road and the several changes in the preliminary plat the council reviewed over a number of years.

Tim Houle, city engineer from WSN Engineering noted the present condition of the approach was a safety concern. Council members agreed as did Steve Stroschein from the county. Road itself has a good base and good drainage, but the issue is the unsafe condition of the approach. Steve Stroschein offered to coordinate a meeting with the road owner, county, and property owners. A representative or two from the council could also attend. For the recommended improvement to the approach, the project would need to start in September and be completed by early October. With the new approach completed the City could review if the road could be a minimally maintained road.

No council action was taken.

Motion by Z. Brix to adjourn. Second by Eisen. Motion carried unanimously.

William F Bedard
Clerk

Lloyd Brix
Mayor.
